

Custom Catalog File Specifications

We request the largest logo file you have. If you have a graphic designer, you may need to contact them to obtain this file. We are looking for one of the following file types:

1st Preference

- .ai (Adobe Illustrator)
- .eds
- .png

2nd Preference

- .jpg
- .psd (Photoshop)

The resolution needed for these images depends on whether you want a print quality or web quality catalog. See below for resolution requirements:

- Resolution for Print Quality: 300dpi
- Resolution for Web Quality: 72dpi
