

For now, tomorrow, and the future

Clean lines and a hand-finished surface, made to last indoors or out, season after season. Ecopots turns recycled material into planters you only buy once.

Made from recycled materials

Recycled plastic for impact resistance. Natural minerals for the look and feel of stone.

The only pot you can repair

With through-color composition, our Repair Sponge can restore scuffs for years to come.

10-year warranty

Frost-, UV- and shatter-resistant, and backed for a decade, indoors and out.
